COMMODORE'S CORNER

Dear BWYC family,

The 2010 Summer break is here! Can I get a big AMEN from our BWYC kids and parents!

I have been your Commodore since December 2009, and during this time we have worked very hard to perfect the good and rework every aspect of our organization that was in need of improvement. I make this statement because I am pleased with our successes and feel that we are on a good measurable track for a HEALTHY future. However, sometimes even the best plans have unforeseen challenges. Tuesday, May 18th, after my bi-monthly Executive Committee meeting, George Constance, CCM, CCE tendered and I have accepted his resignation. George will be leaving us on June 18th, for the GM position at BYC. George advised me that this was NOT an easy decision, and has given us a 30 day notice for a smooth transition.

As of this letter, your Executive Committee has several resumes in hand, and we are in discussions with these professional managers and working every angle to better our organization. Mr. George Constance worked hard for BWYC. Finding his replacement will not be an easy job. I will post information regarding this transition within the next few weeks or so.

Now, how about the next challenge, the oil spill issues. We have several layers of protection in case the oil reaches our harbor. The boats will be protected with at least one boom that is on station at the mouth of the harbor now and possibly a second or even third for better protection, if necessary... But, let's hope and PRAY that this is resolved soon with little or no impact to our coast line.

All hands on deck! I'm writing this article about 5 weeks before we host the 2010 Flying Scot North American Championship. The committee chairs, volunteers, and Race Committee are all in full press mode for our event. However, the FSSA is concerned about the conditions of the Bay, so as a contingency the FSSA has a deadline of June 1st to confirm that BWYC will be the host club. I, of course, hope that we are spared from any oil and that we will have a successful event with one of our own sailors as the 2010 FSSA North American Champion, at their home club. How sweet would that be!

May was a great month at the yacht club. The activity is way up and new members continue to grow our organization. I invited all our 2009 and 2010 new members down to the club on May 14th for the New Member Appreciation. We had a good turn out for a busy Friday afternoon, and I gave an informal presentation to build stronger relationships with our newest members. We had light hors d'oeuvres and some adult beverages to reward their effort.

As we zip through June, please remember a summertime favorite, our shipwrecked party with Deacon John, Fourth of July Weekend. I will ask Marlene to send out a special e-mail requesting YOU to make the play list. We will tally the requests and get this list to the Deacon to play your special song at this fun event. We will make this year the best ever!

As a reminder your membership includes the use of the club owned boats, the swimming pool, dining facilities, bar, and of course, Bill, and please be on the look out for the downstairs party each weekend at the bar under the club.

Once more, thanks for spending some of your valuable time and entertainment dollar at the Bay Waveland Yacht Club, now let's get this party started!

Enjoy, and be safe in all of your activities and travels this summer.

Chris Trapani, CEC

MANAGERS TURN

GEORGE H. CONSTANCE, CCM, CCE

Just in case you receive this before Memorial Day it's a reminder of our BBQ Buffet Monday May 31st 11am til 1pm. Dine pool side or on the porch up stairs or if you're like me in the air conditioned bar. Hickory smoked ribs, pork butts and chicken will be served along with your favorite side dishes.

June 1st signals the beginning of the sailing camp season. The pool officially opens Friday May 28th with Lifeguards on duty from 10am to 7pm daily except Monday. Speaking of the pool BAR service will be available in our Harbor Bar a short distance from the pool. Also this summer for your convenience we'll have a water station available pool side.

Wednesday Night Races continues to draw in large crowds, sign-up now and join in the fun of competition. A family style Buffet is served every Wednesday Night from 6-9pm along with a limited ala carte menu. Thursday Night Member Appreciation Night has taken a different approach to food service by offering a menu of bar foods; Slider Burgers, Hot Wings, Wraps, Po-Boys and Salads. Same Bar specials with \$1 Draft Beer and \$2 Margaritas.

Father's Day is Sunday June 20th and the culinary staff is cooking up a menu of "Manly" foods, look for the menu by e-mail(790).

In closing this will be my last newsletter to the members of BWYC. It was a very difficult decision to leave at a time when the Club is beginning to show the promise of a successful outcome. I know I leave the club in the capable hands of a dedicated staff and the success focused Board of Governors.

Best regards,

George

Thanks to All the Volunteers!

The club boat organizing day was a great success, due to all the volunteers. Thanks so much to all volunteers who came out to help with boat washing, sail inspections, sail repair, etc. Also, thanks to the junior volunteers for changing hiking straps on 420s and repairing sails.

For club boats we have six Flying Scots, four 420s, three Sunfish for club member use. If you want to get checked out for club boat use, please contact me, cell 228-493-0110 or email dannemann@hughes.net

See everyone at the Wednesday Night Racing! (Start of races: PHRF 5:30pm, one-design 6pm)

PROPOSED BYLAW AMENDMENT

ARTICLE XXXVIII; FLAGS AND SIGNALS

3. The **Fleet Captain**, Fleet Surgeon, **Fleet Chaplain**, Measurer, Treasurer, Secretary and **Junior Commodore** may display their flags, which flags shall be prescribed by the Board of Governors.

THE EXISTING BYLAW

ARTICLE XXXVIII; FLAGS AND SIGNALS

3. The Fleet Surgeon, Measurer, Treasurer and Secretary may display their flags, which flags shall be prescribed by the Board of Governors.

NOTE #1: The new language is underlined and in bold print.

NOTE #2: This change would become effective immediately upon its passage.

NOTE #3: Following is a print of the new flags that will be prescribed and designated by this amendment.

Fleet Captain

Fleet Chaplain

Junior Commodore

NOTE
laws

#4: It's a Commit-

proposal of tee with con-

the BWYC By-sideration by

the BWYC Board of Governors respectfully requested to take place at their June 18, 2010 meeting.

THE PURPOSE FOR THE PROPOSED BYLAW CHANGE

The purpose of this proposed bylaw amendment is to prescribe and/or designate flags for three important positions that we have at BWYC and we currently have no prescribed flags for those positions. Should you have questions regarding the proposal, you may contact Woody Santa Cruz of the BWYC Bylaws Committee at 228 224-0112 or by email at ewsantacruzjr@aol.com. Should you have any input to provide in favor of or in opposition to the proposal you may contact any BWYC Flag Officer or your favorite members of the BWYC Board of Governors.

Bay Chapter CCA working with DMR to get fishing reefs established using Hurricane Katrina rubbish.

New Hancock County Fishing Reefs

<u>REEF NAME</u>	<u>Latitude</u>	<u>Longitude</u>
American Legion	30 17.890	89 19.800
Bay Train Bridge	30 18.707	89 18.009
Cedar Point	30 20.210	89 19.540
Monroe St.	30 17.050	89 21.470
Oak St.	30 16.170	89 22.340
St. Claire	30 16.380	89 22.160
Fred Bourgeois Reef	30 15.170	89 23.120

The first 6 are underwater reefs, which are Limestone. The Fred Bourgeois reef is the above water reef in front of Buccaneer Park. These were hand picked by a handful of CCA Bay Chapter Members, who volunteered to come up with locations for the Reefs. Gene Taylor's office (thank him when you see Him) got our permits in our hands in under 10 months which is unheard of. We (CCA) then worked with DMR and started getting the materials. Most of the above water reef was from local contractors and is still being staged at Washington Street Pier under the direction of Buddy Zimmerman and Joey Boudin. Munroe's, St Clare, and Oak St. reefs are situated for wade fisherman access. These reefs can be waded out to and casted over by wading out to these reefs. These locations are the only areas in Hancock County that this can be done because of the drop off from the sand beach to 8 ft of water being so close. We wanted the first above water reef to be located at Long Point to protect and possibly rebuild part of the small strip left Post Katrina, between Long Point and Heron Bay. If something is not done soon, Heron Bay will be the Mississippi Sound. DMR chose our second site in front of Buccaneer as the first above water reef.

Thanks to Tommy Elkins

WELCOME ABOARD BWYC!!!!

Please Welcome Our New and Returning Members

<u>Name</u>	<u>Membership Class</u>	<u>Sponsors</u>
Donald Ellis	Family	Bragg Williams and John Baxter
Chris Fredrickson	Family	Nancy and Beau Gex
Robert Genin Jr.	Family	Dave Deranich and Ames Kergosien

We all look forward to your participation in our club. We all also would like to thank the sponsors for helping these new members join.

Ladies Line ...

Dot Kersanac-Burns, President

June 2010

228-326-5527

Hi Ladies,

Kathleen Jenkins, Chair of our newly formed **Outreach Committee**, reported a good turn out for the **Habitat for Humanity** Womens Building Day. Those participating put in a full days work, were tired at the end of the day, but emotionally and spiritually refurbished for doing something so great for someone in such need. Susan Carron has joined the committee as a representative of the **Boys and Girls Club** and will be filling us in on those activities as time goes on.

We are looking for a **fund-raising event** for the 2011 year to replace the Silent Auction and Tasters Dinner. Suggestion forms are in the lobby to be filled in if you have any ideas. Please be as specific as you can with details and if interested in being on the newly formed committee, please indicate. We would like to get the ball rolling in that direction so the planning can be done in plenty of time and a date picked far enough in advance.

Thanks for your help in this direction.

Our Club's big upcoming event for the month of June and early July is hosting the **Flying Scot North American Championship Regatta** June 26 through July 2. Races will be held for five days culminating with trophy presentations on Friday night. Please be prepared to help out in any way possible as this is a really big event!!

Our **Basket (Bucket) of Cheer** is in the lobby with available tickets as well as purchasing tickets from Ladies Auxiliary members. The drawing will be held the night of the Deacon John Dance, July 3. What a bargain for \$1—check it out!

Membership Meeting: **Thursday, June 3 6 p.m.**

Don't forget to bring a FRIEND!

May 19, 2010 John Rosetti at the New Fish Cleaning Station at BWYC donated and built by John Rosetti, Jim Marlowe and Will Boxx.

Thanks to John Rosetti, Jim Marlowe, and Will Boxx for donating and building the new fish cleaning station at the BWYC. There was quite a bit of enthusiasm around the fish cleaning station last night Wednesday May 19 2010, when John arrived back at the dock with two coolers of fish he caught. He and others yesterday were really reeling them in! The fish cleaning station is the center of all the excitement both for the fishermen and the spectators who love to see what is being caught. The fish cleaning station is located conveniently near the entrance to the harbor. Thanks John, Jim, and Will for the great job done!

A note on rules of the road on use of fish cleaning station:

All fishermen using the fish cleaning station must remove the discarded fish carcass/remains from the premises, do not dump any fish carcass/remains into the harbor or in the dumpsters.

RACE COMMITTEE NOTES:

We had the first weekend of Summer Series rained out. We will attempt to re-sail those races on Memorial Day Weekend, most likely Sunday and Monday May 30 & 31. While it was raining, our time was very well spent in the comfort of the bar, with a presentation of the "Rule of Sailing" by Comm., Chief Judge, and present US Sailing Board member Walter Chamberlin. So I would like to thank all who participated and helped. The board and magnetic boats were especially helpful, thanks Mr. Harry Chapman.

June promises to be a very busy sailing month. You can see the complete sailing instructions on the BWYC web page (www.bwyc.org) or pick up a copy in the office.

BWYC Summer Series Schedule 2010

May 15-16: SS (rained out)

June 5-6: SS

June 12-13: SS

June 19-20: SS

July 10-11: Jr. Lipton Eliminations

July 17-18: SS

July 24-25: Bay Bourbon

August 14-15: SS

Aug 21-22 Boh Series are interested in racing or volunteering please call me or sign up on the bulletin board down stair in the foyer of the club.

Come and Sail fast and have fun!

Cary Trapani
Race Committee Chairman

BWYC National Sailing Champions Honored at BWYC Fleet Review

Something new and unique was added to the agenda of BWYC Fleet Review this year and in my view it is worthy of writing about, remembering and talking a lot about. It was the very good idea of Commodore Chris Trapani and with the help of Commodore Judy Reeves a two time Mrs. Charles Francis Adams Cup winner, once as a skipper and once as a crew was able to put it together and paid tribute, honor, recognition and respect to National Sailing Champions from BWYC. There are 23 of them. They have earned their national sailing championship titles and medals over a time frame of 32 years with the first two of them being achieved in 1977. Marc Eagan won the Flying Scot North American Championship that year while Cindy Stieffel (Mrs. Cady now), Judy Reeves and Amy Chapman (Mrs. Kleinschrodt now) won the United States Women's Sailing Championship for the Mrs. Charles Francis Adams Cup and the most recent national championship came in 2009 with Andrew Eagan, Marcus Eagan and Katherine Santa Cruz winning the United States Men's Sailing Championship for the Clifford D. Mallory Trophy.

Cindy and her team of Judy and Amy won their 1977 championship in Flying Scot Class sloops at Little Egg Harbor Yacht Club in Beach Haven, New Jersey with race finishes of 1-1-1-1-1-2-1 and 9 total points establishing a 54 year best score winning record. It was truly a fine sailing accomplishment for this young ladies' sailing team and for BWYC.

Andrew and his team of Marcus and Katherine won their 2009 national championship title in a scheduled 10 boat round robin fleet of new Flying Scot Class sloops at Bay-Waveland Yacht Club in Bay St. Louis with finishes of 1-3-1-2-2-1-1-4 totaling 15 points and 8 points ahead of the 2nd place team. BWYC with General Chairman Yvonne Roth Gelpi in charge did a great job in hosting the event and it was nice indeed for a home team to be able to win.

The late Commodore Dick Shadoin was Commodore of BWYC in 1977. Commodore Mike Carron was BWYC Commodore in 2009. As over 30 years separate their terms, both of these BWYC Commodores were very proud, supportive and pleased respectively when these three championship victories were achieved.

Those 23 BWYC national sailing champions who were honored and recognized were: Andrew Eagan, Marcus Eagan, Marc Eagan, Dennis Stieffel, Zak Fanberg, Cindy Stieffel Cady, Judy Reeves, Mac Hadden, Rod Stieffel, Bubby Eagan, Todd Edwards, Anne Edwards, Katherine Santa Cruz, Corky Hadden, Beau LeBlanc, Peter Merrifield, Kippy Chamberlain, Eugene Schmitt, Sarah Taylor Fanberg, Amy Chapman Kleinschrodt, Charlotte Gordon, Randy Santa Cruz and Rene Dupaquier. Some of them own multiple national championships.

Having won 6 Flying Scot North American Championships along with some others of national significance as a skipper from 1977 to 2005, Marc Eagan can very well be referred to as our BWYC "Top Gun" for now if we may borrow the phrase from the movie and from Greg Fisher. There is a link in the sailing section at the BWYC Website to Marc's Top Gun video from the 2010 Flying Scot Mid-Winter Championship at Southern Yacht Club if you would like to view it. It is very informative, educational and provides very good insight about sailing/racing a Flying Scot in choppy weather conditions. The concept that Marc presents I'm sure is applicable in other classes as well.

It should be noted that in addition to these national sailing champions BWYC has 5 or 6 collegiate All Americans and Andrew Eagan and Mac Cady have both earned Flying Scot Junior North American Sailing Championship titles.

A great deal more can be said and written about the accomplishments of BWYC National Sailing Champions but that will take a good bit more time and space than we have at this time.

Many thank you(s) should go to Commodore Chris Trapani and to Commodore Judy Reeves for the great idea and for the follow through on it in recognizing these important champions of BWYC.

Respectfully,

Woody Santa Cruz
